EDUCATION

BACHELOR OF PRIMARY EDUCATION

Pavlo Tychyna Uman state Pedagogical University

2014 - 2016

SUMMARY

Enthusiastic front-end developer, eager to embark on an internship journey to further enhance my skills and contribute to innovative web development projects. Proficient in HTML, CSS, and JavaScript, with a keen eye for design and a solid foundation in graphic design tools such as Photoshop, Illustrator, and basic proficiency in Blender and Premiere Pro. Committed to creating visually appealing and user-friendly websites while continually expanding my knowledge in the ever-evolving field of front-end development.

SKILLS

- **HTML/CSS**: Proficient in creating well-structured HTML documents and styling them with CSS to create visually appealing and responsive web pages.
- **JavaScript**: Strong understanding of core JavaScript concepts, ES6+ features, and ability to implement dynamic and interactive elements on websites.
- **Frontend Frameworks/Libraries**. Created projects using React and Sass.
- **Responsive Design**: Experience in building responsive and mobile-friendly websites using media queries.
- **Version Control/Git**: Familiarity with version control systems, particularly Git, for effective collaboration and code management.
- **Graphic Design Tools**: Experience with graphic design tools like Photoshop, Illustrator, Premiere Pro, Adobe After Effects, Blender, Da Vinci Resolve.
- **Problem-Solving Skills**: Strong analytical and problem-solving skills to troubleshoot issues and optimize code.
- **Basic UX/UI Design**: Understanding of user experience (UX) and user interface (UI) design principles to create user-friendly interfaces.
- **Self-Learning:** Proven ability to self-learn and stay updated with the latest trends and technologies in frontend development.

PROJECTS

TO-DO LIST

January 2024

- Implemented essential features encompassing task addition, deletion, and status marking, ensuring comprehensive task management capabilities. Employed event handling mechanisms and DOM manipulation techniques to facilitate real-time updates, enabling seamless interactions and instant feedback for users.
- Employed HTML and CSS to design an intuitive and aesthetically pleasing user interface, focusing on usability and visual appeal to enhance the overall user experience. Utilized JavaScript to develop the core functionalities of the To-Do List application, employing modular and structured coding practices to ensure maintainability and scalability.
- The successful implementation of key features such as task addition, deletion, and status marking resulted in a comprehensive task management system, empowering users to efficiently organize their tasks. Implementation of real-time updates through event handling and DOM manipulation enhanced user engagement and satisfaction, enabling users to interact with the application seamlessly and receive instant feedback on their actions.

PORTFOLIO WEBSITE

December 2023

- Designed and developed a personal portfolio website showcasing my skills and projects.Implemented Flexbox and Grid for efficient and flexible page structure.
- Leveraged JavaScript to implement interactive elements such as dynamic content loading, smooth scrolling effects, and interactive project galleries, enhancing user engagement and interactivity.
- Integration of interactive elements using JavaScript enhanced user engagement and interaction, creating a dynamic and immersive browsing experience that captivated visitors and encouraged exploration of the website's content.

VOLUNTEERING

Fundraising for Ukrainian Soldiers' Car Repair

- Actively participated in a volunteering organization dedicated to supporting Ukrainian soldiers.
- Organized and led a successful fundraising campaign aimed at collecting donations for the repair and maintenance of soldiers' vehicles.
- Collaborated with team members to plan and execute events, raising awareness and garnering community support for the cause.
- Demonstrated strong communication skills in conveying the importance of the initiative to potential donors and community members.
